

Join us on The Camino de Santiago!

Based in Spain, Fresco Tours has been providing walking tours along the Camino de Santiago since 2006. We recognize people have different needs and we provide two different ways to enjoy the Camino.

## Which "Way"?

### El Camino Frances

The most traveled route in medieval times, this provided the inspiration for the movie "The Way"!

### El Camino Portugues

Walk with us as we adjust our compass to North and head to Santiago de Compostela starting from Portugal!

### El Camino Norte

The Northern Camino in the Basque Country takes us to Bilbao's Guggenheim and the glamour of San Sebastian!

## Full-Service Guided Tours!

Become a Pampered Pilgrim: you do the walking and we'll take of the rest!

- Knowledgeable guides to look out for your safety and take care of your needs.
- We like to eat and ALL your meals (with wine and beer) are included. Weather permitting, we prepare gourmet picnic lunches with the freshest flavors of the area.
- Accommodations in charming restored manor homes and farm houses - some dating back 300 years and 3 & 4 star hotels.

## Independent Self-Walk Journey

For the more adventurous travelers that don't want all the bells and whistles, but:

- Enjoy having their own bedrooms, an en-suite bathroom, and plenty of hot water!
- Do not want to (or cannot) carry all their belongings with them. Go ahead and add some extra weight and bring that I-pad!
- Like having a LIVE person to answer your questions and help you take those first steps on your journey.

## "Rolls Royce Of The Camino!"

Fresco Tours is more than the Rolls Royce of the Camino for me because it sparkles and stands out amongst all the others.
